

Full STEAM Ahead! Explore Fun & Free Events in April at Your Local Branch & Online

We know that the exploration of science and technology encourages and inspires a love of learning that leads to future careers in STEAM (Science, Technology, Engineering, Arts, and Mathematics) professions. That's why the Library District has planned a STEAM extravaganza this month for kids of all ages with FREE events and programs at your local branches, and online resources that are available 24/7! Plus, our staff has also Created lists of STEAM-themed books for kids AND adults, which include topics, such as women who have changed the world through science, plus experiments you can do at home, as well as futuristic science and tech found in James Bond novels, and more!

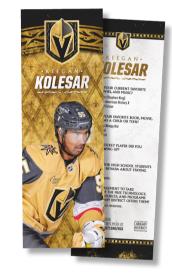

Tales of Dogs (and Cats): Nothing Unifies People Like Our Love of Animals

Did you know that during the pandemic, nearly one in five households adopted a new pet? More than 23 million dogs and cats were added to households that already included 78 million dogs and nearly 86 million cats. That's a lot of fur to love and sweep up after. The Library District's Rebecca Colbert shares some of her favorite-books about our furry, four-legged friends.
