# **Encourage School Attendance with FREE Services**

Last year in the Clark County School District (CCSD), one in every three students was chronically absent, which is defined as missing 10% or more of school days for any reason. This level of chronic absenteeism is alarming and can lead to a decline in academic achievement, poor health, and a greater likelihood of dropping out of school.

To counter this troubling trend, and emphasize the importance of attending school, CCSD has launched a new public awareness campaign called *Every Day Matters*.

You can play a role in helping to keep kids in school by referring parents and caregivers to FREE support services such as CCSD's <u>Family Engagement Program</u> and the Library District's <u>Homework Help Program</u>.

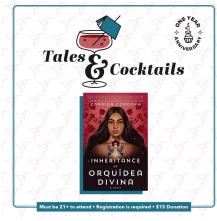

And remember, *Every Day Matters* for achieving academic excellence and future success!
