Library Reports (Item VI.)

Executive Director's Report (Item VI.A.)

Director Watson shared that it is his 3rd year anniversary and read the following passage into the record:

I want to thank each of you for your support in making the past three years of my service such a time of growth and change for the Las Vegas-Clark County Library District. I know that each one of you love our libraries and deeply believe in the work that we do every day to support literacy, education, literature, arts, and culture.

These three years have been a busy time that has required us to think differently about how we deliver our services and messaging to reach the public at large, but especially those who need us the most. Together, we have created smart, innovative programs that take the library outside of our branches. We have also launched an uplifting public education campaign that invites folks in to discover their truest selves. I am proud to say that because of you, these are examples of how we are leading the way within the library industry.

And there is no better proof of this than being recognized by the ALA, for two years running, as the Library of the Future.

As a taxpayer-funded library system, which enables us to continually transform our buildings and methods of outreach, we must invest in technologies of the future and make them accessible to the public. This is especially true of populations who don't yet know that our libraries are free and welcoming places for all and that through our doors and on our website, they can pursue their goals and dreams.

Just to remind us how far we have come, I would like to list some of our accomplishments:

- Free To Be public education campaign & building signage Helping people understand how libraries have transformed and encouraging them to engage with us.
- •Hydroponics Reinforcing the importance of access to fresh food.
- •Memory Preservation Labs Honoring the past by helping to preserve it.
- •West Las Vegas Library planning and groundbreaking Expanding the possibilities for a growing community.
- •Book Vending Machines Bringing the library to the people at Boulevard Mall & Sunrise Children's Hospital (launching 2/16/24)
- •My First Library ... Activity Boxes for Moms & Babies Also in

partnership with Sunrise Children's Hospital, we are introducing parents to the many benefits that our libraries bring to young children, even newborns! These gift boxes are filled with beginner books and other items to give babies a great start in life!

- •Barbershop Books Inspiring youth to discover the joy of reading, led by a trusted male figure in a safe and familiar space.
- •Hope for Prisoners & The Casa Grande Re Supporting the formerly incarcerated to imagine new possibilities with on-site family libraries & QR code wall art that promotes TheLibraryDistrict.org.
- •I Love My Library License Plate Coming soon, we will be launching out new library license plates, which were selected among many candidates by the DMV.
- •Summer Challenge & Winter Reading Challenge Now including adults and continually innovating new ways to reach children.
- •West Las Vegas Library Building Planning & Groundbreaking Expanding services for an important community.
- •Cox WiFi Cards, Cell Phone Lending Program, AND RTC Onboard Access – Connecting those who are underserved with access to digital Library District materials through access to the internet.
- •Whitney Library's Hip Hop Architecture Camp AND Enterprise Library's Lil' Learners Activity Kits Creating new opportunities for hands-on learning.
- •STEAM Truck Another great example of both hands-on learning AND bringing the library out into our communities!
- •Behind all of these new programs and services has been an increased need for additional staff to plan, promote, and run them. To this end, we have hired new staff in LO, CE and BAM.
- •We have also refreshed our Spring Valley & Laughlin Libraries, and next on deck are our Enterprise & Whitney Libraries.

In addition, we have seen our circulation increase by 23% since FY 2021, and the decline in cardholders, library visits, and computer usage, which took place during the pandemic, has been stemmed and is now rising. Our number of programs increased by 56% – from 22,509 in FY 2019 to 35,174 in FY 2023 – thanks to additional staffing and exciting new partnerships such as the NFL, Microsoft, Barbershop Books, NBA Summer League, Nevada Partnership for Homeless Youth, 50th Anniversary of Hip Hop with Queens Library, EmployNV, Illuminarium, and Get Outdoors Nevada, among many others. As a result of the increased Branding & Marketing activity, to promote these initiatives and more, visits to the Library District website also experienced a 24% jump from 2022 to 2023.

I have also worked to raise the profile of the library as a community partner by accepting appointments and leadership roles in the following organizations:

•Selected as a Community Ambassador for the Historic Westside Museum, a cultural anchor that will celebrate the contributions of African Americans.

- •Appointed to serve on the Governor's Commission on Educational Technology, 2022-2024
- •Appointed to serve on the Springs Preserve Foundation Board of Directors

Elevating the library's role in celebrating the culture of its citizens has been a priority of mine, which contributed to my:

- •Receiving the City of Las Vegas 2024 African American Trailblazer Award for community activism and politics.
- •Receiving the National Action Network Las Vegas Chapter 2024 Black History Makers Award NAACP Las Vegas Chapter honored Kelvin with the 2023 James Anderson Visionary Award.

Major Awards that the Library District has received include: 2023 American Library Association Medal of Excellence Award Winner

2023 Library of the Future Award from American Library Association 2023 Urban Libraries Council Innovation Award for Anti-Racism, Digital Equity & Inclusion

2022 ALA Library of the Future Award

2022 RUSA Best Emerging Technology Award

2022 Urban Libraries Council Top Innovators Honorable Mention

Again, I want to thank our staff and the Board of Trustees for your support, feedback, and ideas throughout my tenure, and I look forward to many more years of innovation. Our collective love for our mission can be seen every day in our commitment to free access to literature, STEAM learning, the performing arts, and culture in an environment that celebrates all. Thank you for working with me to bring the love of our libraries to the communities that we serve! And speaking of STEAM Learning, I would like to close out my report with a brief look at our fantastic new FULL STEAM AHEAD Truck, to support our Community Outreach efforts.

Vegas PBS came on board as donors, and they are paying the cost of a \$125,000 two-year program called Jobtimize. And that helps youth and adults seek employment. For the Foundation-\$80,000 in additional funding was received. 75 of that is for a new position at the Clark County Library for the Teen Tech Center that is being funded by Best Buy and the Development Department is working with Director Serpico on getting that job description posted. Also received a \$5,000 commitment from KME Architects to continue the Hip Hop Architecture Program for the Library District. Ms. Prevetti responded that to her understanding it will be a grant funded position for one year and that information will be on the posting. Mr. Vino responded that the consultant asked to withdraw her contract and Director Watson accepted it. Trustee Sanchez then asked Chair Waugh if he was made aware of it because she hadn't heard mention of it. Chair Waugh responded that Director Watson informed him and will be reopening the RFP.

Google AdWords Grant Update

- Google AdWords is Google's online advertising platform, in which advertisers bid on popular keywords & search phrases for their clickable text-based ads to appear in Google's search results. The Foundation and the Library District have received a grant from Google for up to \$10,000 per month in Google AdWords credits.
- Nonprofit Megaphone is the Library District's agency of record that works with Google to manage our monthly grant and helps us to optimize designated keywords that are selected from Library District and Foundation priorities promoted on TheLibraryDistrict.org.
- These monthly Google Grant campaigns help to increase our overall Google SEO
 and drive more qualified traffic to our website. When people conduct relevant
 searches on Google that incorporate our designated keywords, the Google AdWords
 campaign entices them to click on Library District search results, thereby increasing
 the opportunity for discovery of our programs and services.
- <u>View the Google Studio Data Report updates</u> in real-time for all our current Google Grant Google AdWords campaigns.
- Conversation tracking for priority Google AdWords campaigns (January 2024):
- Our ads generated 5,028 clicks which was up +27% from December and 13,148 impressions which was up +23%, resulting in a CTR (Click Through Rate) of 38.24 which was up +4% month-over-month. The Library District continues to be one of NPM's top-performing accounts as the network average is only 3%, and the Google requirement is 5%. This means that Google is showing our ads to the right people and that the content is relevant and intriguing enough for users to click on our ads.
- The Library District's Google search impression percentage remained high in January at 92.65%.
- In January, our Google Grant ads to help promote the Library District's free Tax Preparation Assistance Program in partnership with AARP received 584 impressions and 73 clicks, generating a 12.50% CTR.
- 197 people submitted an application for an Instant eCard from clicking on an ad.
- 113 more user conversions month-over-month.

- 36 people made calls to the library after seeing a Google Grant ad.
- The number of people looking for their local library branch continued to remain strong, with ads to help people "Find a Location" generating 3,403 clicks, which was 800 more clicks than in December.
- 23 people made a call to their local library after seeing one of our ads.
- "Support Public Library" has remained a top keyword search, with 686 people seeing ads after searching. This generated 192 clicks to the ads, resulting in a keyword CTR of 27.99%.

2022	+30%	+28%	+92%	+137%

Notes: The promotion of the 2024 Winter Reading Challenge in January helped our key analytics increase month-over-month. We should also get a boost due to the Facebook Ad campaign we will be running throughout February to promote the annual Library Lovers' Month Giveaway to both fans and targeted non-fans of the Library District. While Facebook remains the largest social media platform, getting more organic engagement remains a challenge, but more branch-submitted content greatly helps with this as Facebook remains an important communication and promotional tool. We continue to create Facebook Events for select CE/LO programs which help increase the awareness and attendance for these events.

2022	+14%	-44%	-44%	-31%

Notes: We increased our key analytics month-over-month, but overall user growth and engagement is showing continued signs of slowing as it struggles to attract new users and retain current users. BAM will continue to closely monitor our monthly analytics to see how they may be further impacted as more users could opt to not engage on or leave this social media platform and more brands are opting to not post to or leave this social media platform. There are still considerable local government and organizations, along with local and national media who are still utilizing this social media platform. BAM will continue to share links to upcoming CE/LO events and priority landing pages on our website, along with sharing local and national resources, spotlighting the Library District's powerful partnerships, plus timely and diverse staff lists created by the website content committee.

Notes: All of our key analytics on this social media platform were up month-over-month. We also saw strong year-over-year gains in Total Followers and User Engagement. BAM continues to utilize the IG Stories feature to promote the weekly priority events and programs happening across the Library District using the designed promotional graphics. BAM also provides monthly social media training classes for branch staff and is actively working with them to create more organic photos and videos to help promote their upcoming events/programs. This content performs better on this social media platform as compared to sharing digital versions of promotional flyers.

Notes: We were up in New Followers, but down across our other key LinkedIn analytics month-over-month. BAM continues to share Library District news and partnership updates, plus the latest job openings provided by HR on this important professional networking channel. As LinkedIn is primarily used for employment and career networking, our monthly analytics on this platform will fluctuate based on the monthly content shared and may not be as robust as our primary social media channels. However, the updates we share on this platform connect with a more targeted audience, including community partners, library industry professionals, Library District employees, and job seekers.

Notes: We had small month-over-month increases in our Total Channel Subscribers and Average View Duration but were down in Total Channel Watch Time and Total Impressions. As more focus is put on in-branch programming, the creation of new virtual programming content and uploading it consistently will continue to be critical to our sustained growth on this important social media platform as uploading video content regularly is prioritized by YouTube's algorithm.

ITEM VIII.B.1.

AGENDA ITEM

MARCH 14, 2024 MEETING OF THE BOARD OF TRUSTEES

Agenda Item# VIII.B.1.:

Discussion and possible Board action regarding authorization to extend the appointment of the District's current auditor, HintonBurdick, CPAs and Advisors, for one year, for the fiscal year ended June 30, 2024.

Background:

Nevada Revised Statutes (NRS 354.624) require the Board of Trustees to designate its auditor or firm no later than three months before the close of the fiscal year for which the audit is to be made. In February 2022, the Board approved HintonBurdick as the District's auditors. The Request for Proposals called for an initial appointment for auditing services for the year ended June 30, 2022, with four one-year renewal options.

HintonBurdick's fees for the fiscal year ended June 30, 2023, were \$54,400 for audits and GFOA assistance for the District, and \$5,200 for any required Federal Financial Assistance audit reports and procedures. The HintonBurdick total cost for these audits, including out of pocket expenses, was \$59,930.

The proposed fee for the financial audit and GFOA assistance for the fiscal year ended June 30, 2024, including out of pocket expenses, will be \$57,250. The proposed fee for required Federal Financial Assistance audit reports and procedures will be \$5,500. The HintonBurdick total cost for these audits will not exceed \$62,750.

Recommended Action:

Motion to authorize staff to sign the agreement to appoint HintonBurdick, CPAs and Advisors, for auditing services for the fiscal year ended June 30, 2024.

AGENDA ITEM

MARCH 14, 2024 MEETING OF THE BOARD OF TRUSTEES

Agenda Item # VIII.B.2.:

Discussion and possible Board action regarding contract award for replacement of the fire detection and alarm system at the Rainbow, Summerlin and Spring Valley Libraries.

Background:

Funds were allocated in the Capital Projects Fund to replace the fire detection and alarm system at Rainbow, Summerlin and Spring Valley Libraries. Each of the system has reached a point, due to age, where it is no longer supported by the manufacturer. New replacement parts, as required by fire code, are not easily obtainable or may not be available at all, and in recent years the fire panels have become very difficult to clear and reset.

An Invitation to Bid was advertised in the Review-Journal, posted on the District's website, emailed to minority Chambers of Commerce as well as listed on NGEM (Nevada Government E-Market Place). The bid opening was held on February 6, 2024. A total of two bids were received. The bid results follow:

Bidder	Bid Amount
Communication Electronic Systems(CES)	\$251,300.00
DataPLUS Communications	\$386,550.00

The lowest responsive and responsible bidder is Communication Electronic Systems(CES)

Recommended Action:

Motion to authorize staff to award a contract to replace the fire detection and alarm system at the Rainbow, Summerlin and Spring Valley Libraries, in accordance with Bid No. 24-06 to Communication Electronic Systems(CES) for the amount of \$251,300.

ITEM VIII.B.5.

AGENDA ITEM

MARCH 14, 2024 MEETING OF THE BOARD OF TRUSTEES

Agenda Item # VIII.B.5.:

Discussion and possible Board action regarding contract award for construction materials testing and observation services during construction of the West Las Vegas Library.

Background:

A Request for Qualifications (RFQ) for Construction Materials Testing and Observation Services was advertised in the Review-Journal, posted on the District's website, emailed to minority Chambers of Commerce as well as listed on NGEM (Nevada Government E-Market Place). In accordance with NRS 625.530, the selection of a registered architect/engineer must be made on the basis of competence and qualifications and not on the basis of competitive fees.

A total of seven submittals were received. A review committee conducted a thorough evaluation of each submittal. The process involved a scoring and ranking of each submittal to establish a finalist. The evaluation criteria and weighted values included:

- 1. Firms Qualifications and Experience (30%)
- 2. Key Personnel Experience (25%)
- 3. Sample Reports and Documentation (20%)
- 4. References/ Appendices (supplemental information) (15%)
- 5. Overall Quality and Completeness of Submittal (10%)

Following are the submittal evaluation results:

<u>Firm</u>	Submittal Score/Rank
AZTECH Inspections and Testing	880/1
Geotechnical & Environmental Services (GES)	864/2
Centurion	760/3
Ninyo & Moore	754/4
Kleinfelder	747/5
UES - Universal Engineering Sciences	738/6
Western Technologies	694/7

The review committee selected AZTECH Inspections and Testing for contract award. The selected firm demonstrated the most comprehensive and advantageous combination of qualifications and experience desired to fulfill the requirements of the project.

Agenda Item #VIII.B.5. Page 2

Subsequent to notification of selection, AZTECH Inspections and Testing submitted a detailed time and materials basis fee proposal. The proposal includes performing special inspections of soils, concrete, masonry, steel, and firestop as required by the City of Las Vegas Building Department; as well as optional testing of soils, asphalt, and concrete for on-site improvements such as parking areas, sidewalks, and light pole bases.

Recommended Action:

Motion to authorize staff to award a contract to AZTECH Inspections and Testing not to exceed \$310,470 plus authorized reimbursable expenses, for construction materials testing and observation services during construction of the West Las Vegas Library, subject to review by Counsel.
