**TEEN
TECH
CENTER**

Sunday Funday

Here at the BBTTC we love games and gaming! Play games, reskin an old favorite, check out Scratch to build your own, or if you're feeling particularly ambitious, give Unity a try!

Art Lab

Each Monday, we will host an open lab to craft and create. October will feature some really special projects to highlight our love for our teens. So be sure to stop by!

Open Studio Session w/Gabe

Think of these sessions as open office hours, so if you've been wanting to learn basics or have specific questions in music production, stop by in this informal setting and get the assistance you need to level up.

AVS Crew

AVS stands for audio visual shorts and we will be focusing on the many aspects of filmmaking and podcasting. Let your passion be your guide and learn how to transform your vision into art.

Demo Day

Every Wednesday we will be demonstrating a new piece of technology.

Team Build: STEAM

Together let's create a some really cool STEAM stuff. Work alongside staff and a doctoral robotics candidate as we learn the amazing world of STEAM!

Finish A Project Friday

Today is the day to finish a project you started or finish a project that has been left behind.

Reminder!

The Library will be **CLOSED**
December 24th & 25th.
The Library will also close early
on New Year's Eve at 5pm.

Mindfulness with Therapy Dogs

Life can be stressful. Visit us and meet certified therapy dogs, they are excellent listeners.

GSA: Gay-Straight Alliance

Every month, our partner from Henderson Equality Center comes out to facilitate discussions, activities and projects based around equality. Whether part of the community or ally, we offer everyone a safe space to be themselves.

Snack & Show: Home Alone

Our exclusive snack and show is back! It is a tasty delight of an experience that cleverly recreates small bites as they appear on screen. As a special edition for our pre-show we are building marshmallow launchers. Sign up today as space is limited.

Teen Takeover: The Grinch

Wear your coziest pajamas and join us for a total Grinch Teen Takeover. Help us melt the Grinch's heart in a STEAM project, make some Grinchy crafts, and of course, a watch party complete with hot chocolate and snacks.
