Honor Black History at the Library

Explore and learn during Black History Month as the Library District presents art exhibits, author visits, live music and dance performances, and more! For your enjoyment, library staff have compiled a selection of acclaimed books, music, and movies that you can check out, download, or stream to learn more about the rich culture of the Black experience, and it's influence on the American story. You will also find educational and entertaining online resources that you can browse 24/7 with your FREE library card. For more details, visit the [Black History Month blog page](#) on our website.
