Performing Arts Center Coordinator — Carla.DiBlasi@thelibrarydistrict.org

About Us

The Library District nurtures the social, economic, and educational well-being of people and communities. The Library District is committed to building communities of people who can come together to pursue their individual and group aspirations.

The Library District has 25 branches, serving 1.7 million people over 8,000 square miles.

We welcome over 810,000 people to 36,000 library-sponsored and community events each year.

Programming and Venues Department (PVS)

The PVS Department coordinates the use of our venues via partnerships and rentals. We partner with other government entities and non-profit institutions to present free and open public programs, without solicitation or commercial intent, that align with the Library District's strategic framework. All PVS facilities are available to rent on a first-come, first-served basis.

Our six performing arts centers, all with dedicated sound, lighting and projection equipment, are unique spaces offering varying performance options and seating capacities: Clark County (399 seats), Summerlin (284 seats), West Charleston (276 seats), West Las Vegas (295 seats), Whitney (198 seats) and Windmill (294 seats). The rental rate is $40 per hour, with additional fees for technicians, security, and insurance (through a separate vendor). Reservations are accepted no more than 13 months and no less than six weeks in advance.

Our 18 meeting rooms at 15 library branches can accommodate up to 300 people. All of the meeting rooms have tables and chairs, and many feature audio-visual equipment. The rental rate is $30 per hour, and reservations can be made up to six months in advance on our website (www.thelibrarydistrict.org), or in person at any library branch.

Windmill Library Auditorium

Windmill Library Auditorium is a proscenium theater with 294 seats. It features a state-of-the-art laser 4K projector, a Kawai grand piano, 80 orchestra chairs, and 50 music stands. This facility is well suited for movie screenings and lectures, music performances, and small theatrical and dance productions.

Windmill Library is located at 7060 W. Windmill Lane, minutes from Interstate 15, and two miles south of interstate 215 near South Rainbow Boulevard.

BACKDROP INFORMATION

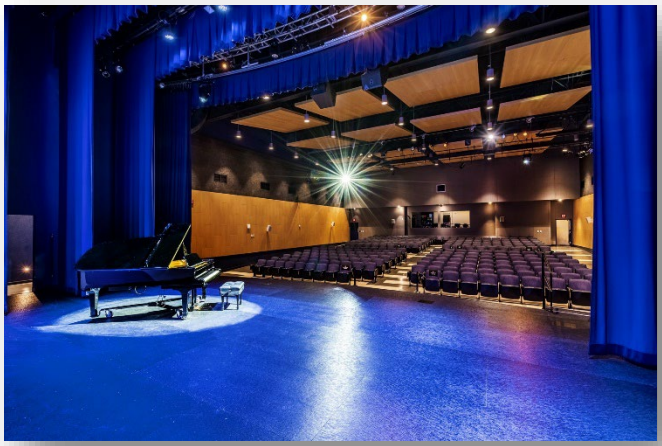

Pipe width end-to-end – 39’-3”
Highest trim – 18’-1”
Visible width (masked leg-to-leg) – 31’-6”
Visible height (floor to US border) – 17’-10”
Suggested drop size – 33’-0”W x 18’-0”H
No cyclorama available on site

RIGGING SYSTEM

The Windmill Auditorium does not have a fly system. There is a motorized retractable projection screen (26’-4”W x 14’-9”H) positioned furthest upstage (just downstage of the back wall). In addition, there is one batten which is motorized and has the capability to move in and out. It cannot fly scenery completely out, as there is no fly loft, but it is motorized in order to allow for a stationary backdrop or banner to be hung on the batten easily. The motorized batten cannot be operated during performances. Scenery and backdrops cannot be hung on any other soft good pipes or electrics. There is also a motorized electric located above the audience (37’-0” from the front of the stage).

MASKING SYSTEM

The stage masking is dead hung and includes: a main drape (which can travel and is operated from downstage left of stage level), three sets of legs and borders, an upstage curtain (which can travel and is operated from upstage left of stage level), and a low-hanging border to frame the drop screen and to hide the onstage motorized batten. All soft goods are pleated and blue velour.

CONTROL ROOM

Lighting, sound, and projection controls are located in an elevated booth at the back-of-house. The booth has two roll-down doors, which open during events allowing the technicians to see and hear performances clearly. This is a partially open booth, and therefore, is not sound proof.

Front-of-House

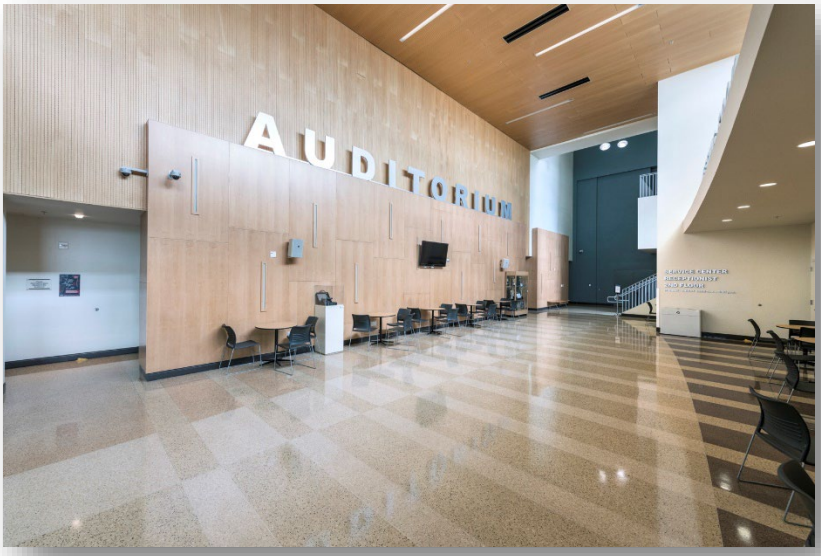

SEATING AREA

The Windmill Library Auditorium has a seating capacity of 294 people, with an additional 6 accessible seating locations. All seats are equipped with small desks and power. Aisles are sloped, with no steps anywhere in the house. There is an aisle midway to the stage and another at the front of the stage. The distance to the stage from the last row of seats is approximately 43’-0”. There are no partial view seats in the house.

LOBBY

The performing arts center lobby is shared with the library and is suitable for light receptions and sign-in tables. The lobby must remain accessible to the public during regular operating hours (Monday-Thursday 10:00 a.m. to 8:00 p.m., Friday-Saturday 10:00 a.m. to 6:00 p.m.). The Lobby features 8 round cocktail tables and 24 chairs, natural light from skylights, a connected art gallery featuring a rotating display of artists managed by the library district’s gallery services department, and public restrooms.

MEETING ROOM

A Meeting Room is situated directly across the lobby from the Auditorium and can be rented separately or in conjunction with an auditorium use/rental. It is suitable for receptions or as a green room, but access to the Auditorium is through the front of house only. The Meeting Room features accordion doors to the Lobby. The occupancy of the Meeting Room varies between 40 to 70 depending on room set-up. There is no direct access from the Meeting Room to backstage.

KITCHENETTE

The Kitchenette with a concession window opening to the Lobby is included in Meeting Room rentals and, subject to availability, can be used/rented in conjunction with the Auditorium. It contains a refrigerator, microwave, coffee maker, and sink with waste disposal. When using the kitchenette customers must comply with Southern Nevada Health District policies and regulations. Kitchenettes and other food service areas do not have permits for uncatered food preparation and distribution.

USHERS

Ushers must be provided by all rental customers. The number of ushers will be determined by the Library District staff and agreed to in the Performing Arts Center License Agreement. In addition to helping customers find their seats, ushers are also responsible for monitoring customers to ensure that no food or drink (other than bottled water) is taken into the performing arts center. Failure to provide the agreed upon number of ushers will lead to additional fees in accordance with the Venue Fee Schedule. The Library District provides front-of-house staff for all library programming events.

CHAPERONES

Customer using a venue for an event involving minors (exclusive of audience members) are required to have at minimum two qualified adult chaperons including one adult for every 10 children for ages 0-5, one adult for every 12 children for ages 6-11, and one adult for every 15 children for ages 12-17. Chaperones must supervise and accompany minors to ensure their safety and proper behavior. Failure to provide chaperones will lead to additional fees in accordance with the Venue Fee Schedule.

ADA COMPLIANCE

Any customer who receives a request for accommodation under Title II of the Americans with Disabilities Act shall refer the request to Library District Staff. Please allow five business days for sign language interpreter requests to ensure availability. The Library District will make arrangements to provide services at the expense of the customer. Failure to notify staff of these requests will result in additional fees in accordance with the Venue Fee Schedule. Access to the Performing Arts Center is provided through the main lobby. Wheelchair accessibility is provided as listed on the seating diagram and ground plan. The venue was designed and operates in compliance with ADA specifications. The Library District will cover the cost for requested sign language interpreters for all library programming events.

ASSISTIVE LISTENING

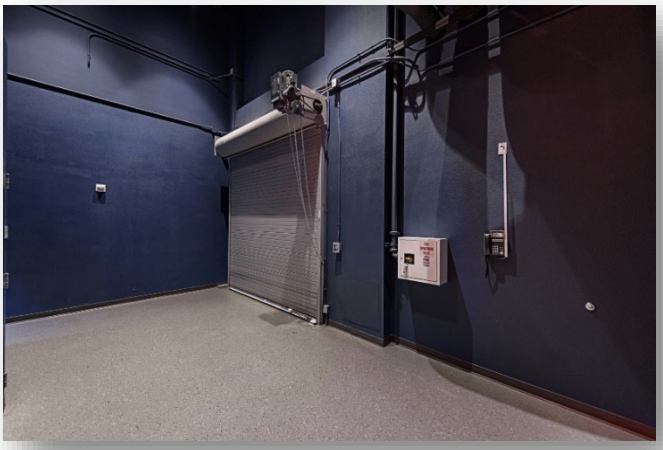

The performing arts center is equipped with an assistive listening system that is available for use upon request. There are a total of 10 headsets available to audience members who may have difficulty hearing performances. Headsets are typically located in the control booth but can be relocated to serve your front-of-house needs.

Load In Area

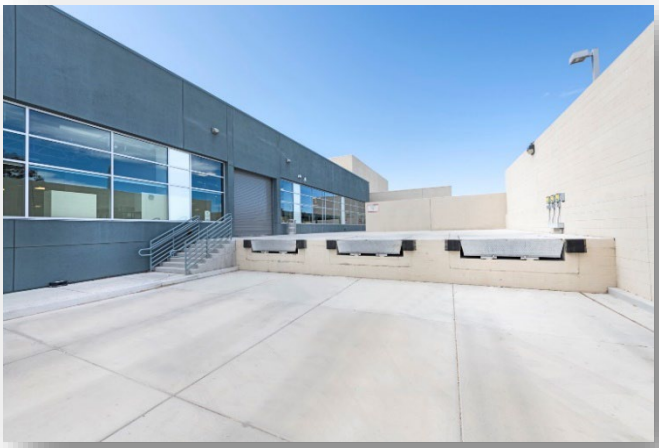

LOADING DOCK

The loading dock can accommodate one truck at a time. The loading dock is shared with other library departments and can only be used while actively loading and unloading vehicles. The dock is 110’ from the roll up loading door with two 90° turns needed to access the venue.

Dock Height – +4’-0” from ground
Roll Up Loading Door – 14’-0”W x 16’-0”H

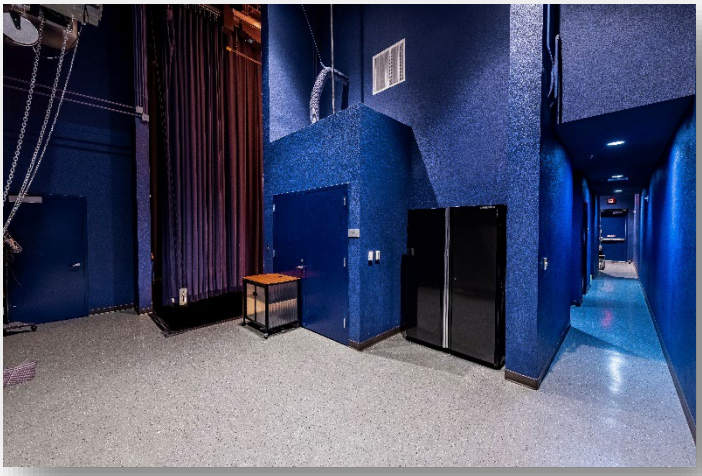

Dressing Rooms

This venue has two single-occupancy restrooms, each with a separate shower, located on either side of the stage.

In addition to these restrooms, pipe, drape, tables, and chairs can be set up in the stage left wing to create a green room or additional dressing space by the loading door for two to four performers.

This venue does not include any laundry facilities.

Projections

PROJECTION SYSTEM

The projection system features a state-of-the-art 4K laser projector perfect for movie screenings and presentations. The projector is housed in a separate projector room which can only be accessed by Library District staff.

Rental customers must provide their own HDMI cable to connect a user-furnished playback device to the projection system. Inputs are located in the lobby, control room, and two onstage floor pockets (downstage left, and right)

If a programming partner wishes to transfer PowerPoint files to a Library District computer, please load the files on to no less than 2 USB jump drives so there is a backup device.

Rental customers are welcome to connect to The Library District's free Wi-Fi to access the internet. Internet speeds are subject to customer usage and may not be sufficient for video streaming or video conferencing. We recommend downloading all video content or supplying your own internet hotspot if an internet connection is needed for your event. The Library District is not able to provide support for live-streaming events for rental customers.

Rules & Policies

VENUE USE POLICY
All Library District rental customers, programming partners, and customers must follow all local, state, and federal laws as well as all Las Vegas-Clark County Library District policies, procedures, and guidelines. A complete list of all policies can be found on the Library District Website (https://thelibrarydistrict.org/publications/).

PROP AND WEAPONS GUIDELINES
Any props brought into any Library District building that are meant to simulate weapons or other items prohibited by the Library Rules of Conduct must be pre-approved and follow the Programming and Event Prop Guidelines. Please speak with library staff directly at least two weeks before your program to determine which simulated props are permitted and the guidelines that must be followed before they can be brought onto the premises.

ADULT THEMES
Express written authorization is required for the presentation of events that include adult themes. Customers must request authorization for events with adult themes from the Library District before an event is marketed to the public and no less than two weeks before first use.

OPEN FLAME
Open flame devices such as candles and torches along with pyrotechnics are not permitted in Performing Arts Centers at any time. Customers may use electronic candles and other non-combusting effects to simulate flames on stage

STROBE LIGHTS AND THEATRICAL ATMOSPHERIC EFFECTS
Express written authorization is required for the use of strobe lights and theatrical atmospheric effects.

The most common documents associated with venue usage include:
Library Rules of Conduct
Venue Use Policy
Venue Use Fees
